EXECUTIVE COMMITTEE

The report of the Executive Committee was presented by International President-Elect Mohammed Murad, DTM, and covered the following items considered at its August 16-17, 2014 meeting:

1. The Committee reviewed the organization’s performance for the 2013-2014 program year. It recognizes the tremendous efforts of the clubs and districts around the world to achieve record growth in membership and new clubs.

2. The Committee received an update on the organization’s strategic projects. It reviewed the proposed project paths that will be available upon the launch of the Revitalized Education Program in 2015, reviewed the competencies that will be learned through the program and discussed the progress of the project and communication plans.

3. Toastmasters International is continuing its efforts to ensure that the organization is in compliance with applicable laws, regulations and business rules in the countries where it has a significant presence. This enables club and district leaders to conduct activities while complying with regulations and maintaining an appropriate legal structure. The Committee was briefed on work in progress in Australia, Canada, China, Ireland, Mexico, Singapore, Taiwan, Thailand and the United Kingdom.

4. In 2013, the Developing Markets Board Committee determined the attributes that support the successful growth of Toastmasters in developing markets and recommended a series
of strategies and a process to support each market based on its unique characteristics. The Board directed staff to target Brazil as the first market to test the new process. The Executive Committee received an update on the project and is enthusiastic about the progress being made to create a local support team, analyze the market and develop a business plan to guide the efforts. When the model in Brazil is successful, the program will expand to include additional developing markets.

5. The Committee reviewed the progress of newly established district reformation committees, status of reformations in progress and reformation-related requests:
   • The Committee reviewed the status of reformation committees in Founder’s District in Southern California and District 51 in Malaysia.
   • The Committee reviewed the status of reformations that will take effect on July 1, 2015.
     i. In District 41 in India, the Committee approved the assignment of number 98 to the southernmost portion of the reformed district and the northernmost portion will retain the number 41.
     ii. District 70 will reform and the new district been assigned the number 90.
   • The Committee approved requests to establish reformation committees in District 42, Alberta and Saskatchewan, Canada and District 4 in Northern California.
   • The Committee approved a proposal to dissolve the Yukon Alaska Territorial Council and attach the clubs in Alaska to District 32, Western Washington State and the clubs in the Yukon Territory to District 96, Northern British Columbia. The dissolution will take effect on July 1, 2015.

6. The Committee discussed a pilot program being conducted with districts 6, 56, 60, 77 and 78 in cooperation with World Headquarters. The program, when fully developed, has the potential to reduce districts’ administrative burden and streamline financial flows and recordkeeping. The Committee expressed support for the pilot program and the potential development of an efficient district financial system that could be used by all districts in the future.

7. Led by Strategic Planning Committee Chair John Lau, DTM, IPIP, the Strategic Planning Committee continued its discussion from February regarding the structure of the Board. It reviewed input from a SWOT analysis conducted by the Board and discussed the most recent reports of the International Leadership Committee. The Committee recognizes the need to continue to discuss board structure. The Committee acknowledges the request from the International Leadership Committee (ILC) to consider modifying the international director nomination and election process to allow consideration of candidates without regard to region.

Pursuant to Policy 11.3, items contained in the minutes of this meeting were classified as “unrestricted” upon distribution of the minutes by World Headquarters, not to include any matters marked “restricted”.

International President Yen adjourned the meeting at 3:30 p.m. on August 17, 2014.
The Board voted to accept and approve the recommendations and actions in the report.

**STRATEGIC PLANNING COMMITTEE**

Led by Strategic Planning Committee Chair John Lau, IPIP, DTM, the Strategic Planning Committee and Board of Directors participated in an environmental scan and conducted a SWOT analysis to set the foundation for the development of the 2015 Strategic Plan. High-level goals and supporting strategies were identified, which will form the basis of the plan components.

**BOARD OF DIRECTORS**

1. The Board reviewed recommendations submitted by the 2013-2014 International Leadership Committee (ILC) intended to strengthen the selection and election process for international officer and director candidates. The Board approved, by the required two-thirds vote, modifications to Policy 9.1: International Campaigns and Elections (attached) to address the following recommendations:
   - To be considered by the ILC, all candidates must conduct a self-assessment.
   - Assessments are also conducted by individuals who have worked with a candidate in previous roles. To increase assessment response rates, the assessment administrator is directed to follow up periodically. Further, when the ILC reviews assessment responses to open-ended questions, it is often unable to determine if overly positive or negative comments come from one individual or the collective. For clarification, assessment results will be modified to numerically identify responders while still providing anonymity.
   - In an election cycle, an individual may be considered for both the international director and region advisor roles. Because the context and questions are different, it is necessary for individuals to conduct a unique assessment specific to the role to be considered.
   - In previous years, through the assessment process, the ILC has recognized international director candidates that are better suited for the region advisor role, and vice versa. To ensure that the most qualified individuals are selected, policy now encourages collaboration between the ILC Chair and the Region Advisor Selection Committee Chair.
   - The deadline for officer and director candidates to declare intent was changed from October 15 to October 1.
   - Additional modifications were made to increase clarity.
2. The Board reviewed and approved, by the required two-thirds vote, several actions related to Policy 8.4: District Fiscal Management (attached):
   - In April 2014, the Board authorized the Chief Executive Officer, the Chief Operations Officer and Controller, collectively, to open and maintain bank accounts for districts. To clarify district use of these accounts, modification to policy was required.
   - In addition to its primary bank account, districts may open and maintain accounts for divisions, areas and conferences. Toastmasters International may be unaware of those accounts for several months, which can lead to inaccuracies in annual financial statements and reporting to the U. S. Internal Revenue Service. Policy now requires districts to report the new accounts within 30 days of being opened.
   - Modifications to Protocol 8.4: District Fiscal Management (attached) were approved that:
     - Require all districts to complete monthly account reconciliations.
     - Eliminate the practice of submitting accounts statements in lieu of point of sale receipts for reimbursements.

3. The Board concluded a year-long study into the effectiveness of the Region Advisor program. During this time, it conducted interviews with past region advisors, reviewed survey responses from the district leaders over the past three terms, considered recommendations from the Region Advisor Selection Committee and evaluated performance criteria. Policy 10.0: Region Advisor (attached) was modified, with Board approval by the required two-thirds vote, to reflect the following:
   - The Region Advisor Selection Committee will be comprised of two international directors, each serving a two-year term, and six past region advisors.
   - All candidates will be apprised of the selection process timeline upon confirmation of their application.
   - The role has been clarified to focus on marketing, club-building support, district success plan coaching and mentoring.
   - Region Advisors will serve for 15 months, from April 1 to June 30, instead of March 1 to June 30.
   - A Past Region Advisors Advisory Council will be established to strengthen the program by leveraging the past region advisors’ experience and best practices.
   - A Region Advisor handbook of best practices will be developed through collaboration between the Council and World Headquarters and distributed to the Region Advisors appointed for the 2015-2016 program year.

4. In recent years, the organization has received increasing requests for the accommodation of virtual, or non-in-person, clubs. The Board directed World Headquarters to research the subject and present a recommendation in February 2015.

5. The Board received reports from three committees:
   a. Defining Club Quality
      The effectiveness of the Toastmasters program and the resulting member experience is dependent upon club quality. However, quality is inconsistent and is interpreted differently across the world. The Committee was tasked with identifying current practices that foster club quality, validating and qualifying the organization’s current influencers of club quality: the Distinguished Club Program and the Moments of Truth, and creating a definition of club quality that is measureable and observable.
Based on its evaluation and assessment, the committee recommended the following:

- Changes to the DCP:
  - Require clubs to conduct Moments of Truth twice a year as a prerequisite for DCP eligibility.
  - Require clubs to complete the Club Success Plan as a prerequisite for DCP eligibility.
  - Incorporate all changes to the DCP, including those requested by other Board Committees and necessitated by the Revitalized Education Program for the program year 2016-2017 at the earliest.

- More than 88 best practices were identified by the committee. These qualitative practices will be included in the Moments of Truth, Club Officer Training and other club-building materials to reinforce consistency.

- A clear definition of club quality: ‘Clubs that encourage and celebrate member achievement, provide a supportive and fun environment and offer a professionally organized meeting with variety demonstrate high quality. In those clubs, officers are trained in all aspects of club quality to ensure that members have access to a formal mentoring program, are provided evaluations that help them grow and are motivated to achieve their goals.’

- Assign Area Governors with direct responsibility to assist and support all clubs in their efforts to attain club quality standards.

- Club meeting frequency has an impact on quality; however, there is little data on the subject. Research must be conducted to understand the impact.

The Board voted to accept the recommendations report presented by the Defining Club Quality Committee and directed World Headquarters to study club frequency and provide analysis in August 2015.

b. Retention

Membership retention has not been a programmatic priority for Toastmasters International for many years. Increasing member retention has the potential to boost club strength, increase overall membership size and create a larger pool of potential leaders. The Committee was tasked with discussing the member experience, the factors that influence member retention and how these factors could be used to promote retention, and the potential of including member retention as part of club-level recognition.

Based on its evaluation and assessment, the committee recommends:

- Add a Distinguished Club Program requirement recognizing member retention
- Formalize mentoring
  - Clubs should assign a mentor to each new member
  - All members should have a mentor
• Enhance recognition for members, clubs and districts
  o Continuous membership (for individuals)
  o Consecutive years of successful retention (for clubs)
  o Consecutive years of successful retention (for districts)

• Evaluate dues payments
  o Consider annual dues payments
  o Enable member self-service online
    Consider long-term modification to dues calendar

The Board voted to accept the recommendations and report presented by the Retention Committee. It directed World Headquarters to study the feasibility of recommendations impacting member, club and district recognition and dues payments.

c. Leader Selection and Election

Leader selection is critical to the success of the organization at all levels. Given the work done by the Club and District Leader Competencies Committee, the next phase is to review and understand current selection and election processes, practices and policies, and determine how they can be enhanced to properly leverage the competencies and select better leaders more consistently and efficiently. The committee was tasked with:

• Reviewing the district nomination process and determining how it can be improved and how the district leader competencies can be properly assimilated into the process.
• Reviewing the district officer election and selection processes and determining how both can be improved.
• Determining what changes must be made to Governing Documents.

Based on its evaluation and assessment, the committee recommended:

• Revisions to Policy and Protocol:
  o Incorporate the concepts from Policy 9.1 International Campaigns and Elections into Policy 9.0 District Campaigns and Elections.
  o Revise Protocol 9.0 to incorporate specific dates to guide the nominations and elections processes.
  o Add a guideline to Protocol 9.0, 6. District Meetings, clarifying that district leaders running for office may continue to fulfill their obligations.
  o Modify the definition of “campaign mailing” in Protocol 9.0, 5. District Campaign Communications, to include any form of communication
  o Review 9.0, 5. D., I and II regarding the timing of the mailings.
• Revisions to District Administrative Bylaws, Article XI that provide specific deadlines for the district governor to receive the Nominating Committee report and distribute it to the district council.
• Extend the option to allow a member from outside the district, within the same region, to serve on the Nominating Committee.
• Change the name of the Nominating Committee to the District Leadership Committee.
• Revise the general district election and nominating committee resources:
  o Create reference guides similar to the *Speech Contest Rulebook*.
  o Create a district election e-learning training module.

The Board voted to accept the report presented by the Leader Selection and Election Committee. It directed World Headquarters to draft the necessary policy and protocol changes, and provide them to the Board for review at the February 2015 meeting.

8. Other District Expenses
   Toastmasters International’s nonprofit, tax-exempt status depends upon devoting the organization’s resources to its educational and charitable mission. Districts periodically incur non-routine expenses that must be appropriately managed to preserve this status.

   Expenses that are essentially personal gifts must provide no more than “incidental private benefit” and must have a reasonable relationship to activities that directly support the mission. Examples are tokens of appreciation, expressions of sympathy and modest incentives. These items are appropriate if they promote goodwill and a positive atmosphere for the delivery of the Toastmasters program, but must never be lavish or excessive.
The following examples are representative of non-routine expenses, but are not all-inclusive.
