INTRODUCTION

Toastmasters International conducted an online survey to benchmark overall member satisfaction, gather statistics, track changes in responses and monitor for actionable feedback to improve satisfaction. The survey includes questions related to member's satisfaction with their club, the education program, real-world application of learning, accomplishment of personal goals, and their likelihood to recommend Toastmasters to a friend, family member or colleague.

Methodology & Sampling

Description of the methodology and sampling

Methodology:

- An online survey was conducted using the Qualtrics survey platform. The survey targeted the average member.

Sampling:

- A stratified sampling method was implemented to select a representative sample of members at the district level.

Response Rate:

- Overall, 47,941 members were invited to participate in the online survey, of which 11,620 responded for a total response rate of 24.2%. Of those who responded, 11,580 completed the survey for a completion rate of 99.7%. This gave the survey results a +/-1.2% margin of error with 99% confidence. By district, the margin of error is between 5 to 18%.
